more cool things!

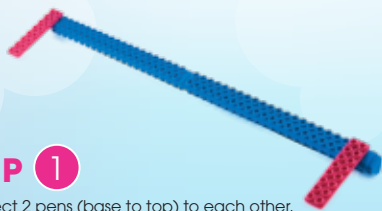

## BOAT

### BUILDING STEPS

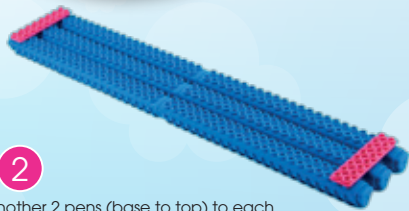

#### STEP 1

Connect 2 pens (base to top) to each other. Add 2 rectangular connectors to this structure making sure all female connectors are faced up.

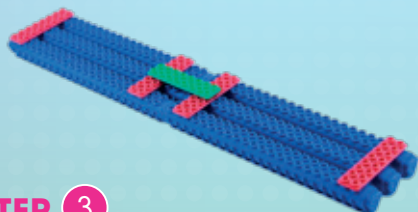

#### STEP 2

Connect another 2 pens (base to top) to each other. Repeat this step again. Connect these pens to the structure of Step 1.

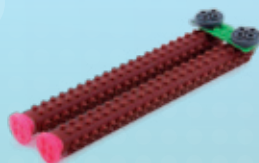

#### STEP 3

Connect 3 rectangular connectors to the structure of Step 2 to finalise the base structure of the boat.

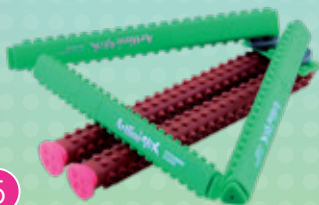

#### STEP 4

Create the mast of the sail using 2 pens, 2 triangle-male, 2 female-female and 1 rectangular connector.

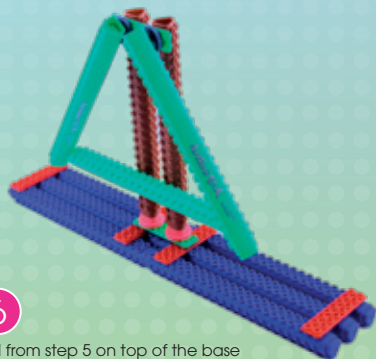

#### STEP 5

Add 3 pens to the construction of Step 4 to finalise the sail.

#### STEP 6

Attach the sail from step 5 on top of the base from Step 3 to finalise the boat.

### PARTS / CONNECTORS NEEDED:
